PROFESSIONAL SUMMARY

MCA student Semester 3 at Anand Institute of management and information science, with a BCA foundation and project experience in full-stack web development. Familiar with Java, Spring Boot, Python, React.js, JavaScript, MySQL, and MongoDB. Interested in developing python working with databases, building responsive user interfaces, and solving software problems. Seeking a Full Stack Developer Internship to apply programming and problem-solving skills while contributing to real-world software development.

TECHNICAL SKILLS

Programming Languages: Java, Python, C, C++
Frontend Development: HTML5, CSS3, JavaScript, React.js, Tailwind CSS, EJS
Backend Development: Spring Boot, Node.js, Express.js
Databases: MySQL, MongoDB
Tools: Git, GitHub, Visual Studio Code, Visual Studio, MySQL Workbench
Core Concepts: Object-Oriented Programming (OOP), DBMS, REST APIs, Data Structures Algorithms

PROJECTS

Online Book Store

Technologies: Java, Spring Boot, MySQL, EJS, Stripe

- Worked on an online bookstore application as a BCA academic project.
- Implemented backend functionality using Java and Spring Boot.
- Used MySQL for database management and persistent data storage.
- Used EJS templates to render dynamic frontend pages.
- Worked with Stripe payment integration for online payment functionality.

Universal Multi-Language Code Analyzer and Optimizer (UMCAO)

Technologies: Python, FastAPI, React.js, JavaScript, Tailwind CSS, Chart.js

- Developing a web-based platform to analyze source code and identify potential inefficiencies.
- Designed a modular architecture with a React.js frontend and Python FastAPI backend.
- Using Python's built-in AST module for Python source-code static analysis.
- Working on detection of inefficient programming patterns and generation of optimization suggestions.
- Designing structured JSON responses and a dashboard to present code-analysis results.

Personal Portfolio Website

Technologies: React.js, Tailwind CSS, JavaScript

- Built a personal portfolio website to showcase technical skills and software projects.
- Organized the frontend using reusable React.js components.
- Used Tailwind CSS to create a responsive layout and styling.
- Included links to GitHub and professional profiles.

EDUCATION

Master of Computer Applications (MCA) | Anand Institute of Management and Information Science (AIMIS)
Semester 3 | Expected graduation: 2027

Bachelor of Computer Applications (BCA) | Dharmsinh Desai University
Passing year: 2025

EXPERIENCE

Entry-level candidate | No formal internship experience.
